Test on both Win10- Version 10.0.19045 Build 19045/Ubuntu 24.04.1

Create enviorment

```
conda create -n EGG python==3.11
```

require packages

```
torch
torchvision
math
matplotlib
```

```
conda install --yes --file require.txt
```

form the dataset as img

```
python ./data_pre/jpg_f.py
```

training_process

```
python ./vision_transformer/train.py
```

test the predict process

```
python ./vision_transformer/predict.py
```
